

## TRAINING SCHEDULE

**Day One** on November 18<sup>th</sup> will focus on dealing with domestic violence situations and disclosures and developing good practice guidelines.

**Day Two** on December 9<sup>th</sup> will look at myths and perceptions about perpetrators of domestic violence.

Participants will gain an understanding of what motivates perpetrator behavior and understand perpetrator types.

It will further enhance skills on dealing with domestic violence victims that approach services for help.

### WHO SHOULD ATTEND ?

Training on domestic violence is essential as the response women receive to disclosures of abuse can have a major impact on their safety, and on their physical and emotional well-being.

Whatever your role, this training will equip you with the skills and knowledge to provide an appropriate response to women experiencing domestic violence.

This training is aimed at front line staff and those interested in the issue of domestic violence.

- Gardai / Public Health Nurses/ Medical personnel
- Social workers/ Community Welfare Officers
- Community Development Projects / Family Support Agencies/ Migrant Services
- Teachers/ Counsellors
- People working in the voluntary / public sector who encounter domestic violence in their work
